GRAMONT · JOB OPPORTUNITY

Fresher SAP PLM Functional Consultant

Start your SAP career where technology meets food & pharma.

Are you a recent graduate or early-career professional interested in SAP, technology and business processes?

Join Gramont as a Fresher SAP PLM Functional Consultant and work alongside experienced consultants on international projects for leading companies in the food and pharmaceutical industries.

You don't need to be an SAP expert yet — we are looking for curiosity, analytical thinking and a strong willingness to learn.

ABOUT GRAMONT

Gramont is a Swiss-based SAP consulting and software company specialising in PLM, MDG and EHS. With teams across Europe, the US, India and Hungary, we work on modern SAP solutions for international clients. Our solutions include:

LabelNow
A user-friendly, globally compliant solution for efficient product label management.

Polaris
An SAP BTP cloud application that consolidates data from multiple sources to simplify regulatory dossier submissions.

Compas
A cloud-based compliance assessment tool supporting product development with real-time insights and cost optimization.

WHAT YOU'LL DO

- Support the design, configuration and testing of SAP PLM solutions
- Analyze client requirements and business processes
- Work with product data, product lifecycle and regulatory processes
- Participate in client workshops, testing and user training
- Create functional specifications, test cases and project documentation
- Help investigate and resolve system issues

WHAT WE'RE LOOKING FOR

- Degree in IT, Engineering, Food Technology, Biotechnology, Life Sciences or a related field
- Internship or junior experience in food/pharma is a plus
- Interest in SAP, compliance, product data or digital transformation
- Strong analytical and communication skills
- Fluent English
- Team player with a genuine motivation to learn

WHAT WE OFFER

- Mentorship from experienced SAP PLM consultants
- International projects and multicultural teams
- Training & SAP certification opportunities
- Clear career development path
- Hybrid work: Monday & Friday home office
- Competitive salary + annual bonus
- Medical insurance & SZÉP Card
- Additional leave for scheduled Saturday workdays
